# Simulated Pearls

*Japanese Quality strung pearls. These pearls are on strings & can be easily removed from the strings to be used on your beading projects. The gold & silver colors have a high quality metallic finish, when a pattern calls for a round gold or silver bead these pearls work great, they are much less expensive than 24k or sterling silver plated beads.*

### A Hooks

Works only with the  
#6 size chain.

The most practical chain and hook system for sign display, item retention, and similar applications. The 'A' Hook combines the classic 'A' Coupling with the C9 Hook to form a single attachment that can be used for hanging signs, retaining small objects, or use for a variety of similar applications.  
1 1/4" L x 11/16" W

Available in Silver or Gold  
6 Per Package—**\$2.20**

#JF238G—Gold  
#JF238S—Silver

### A Coupling

This size coupling works with both the #3 and #6 size chain.

Typically used with retaining chain to attach ball chain to small items (i.e. machine caps) with a screw, bolt, or rivet, to provide a flush assembly with the item surface. The standard hole diameter for the #6 AD coupling is .130". 3/8" Long.

Available in Silver or Gold

#JF218G—Gold—12 per package—**\$1.50**

#JF218S—Silver—12 per package—**\$1.50**

### End Ring Connectors

This size coupling works with both the #3 and #6 size chain.

Used for the same purpose as 'A' couplings (to attach ball chain with a screw, bolt, rivet, etc.), except these are detachable rather than permanent.

## Candle Colors Liquid Dye

These liquid dyes are great for coloring candle gel or  
paraffin wax candles. The dyes are oil soluble thus  
allowing easy mixing with the gel. The level of  
concentration of these colors make it easy to color large  
or small batches. The recommended usage varies from  
1/2 percent of dye depending on the color and desired  
shade. Keep in mind that gel candles generally use less  
dye than standard paraffin wax. Will color up to 10  
pounds.

## Aromatherapy

## Pure Essential Oils

## Aromatherapy

Used for Candle Making, Soap Making, Custom Perfume, Lotions, Diffusers, Bath Salts, Aromatherapy, or anywhere pure natural fragrance is desired. Essential oils are the very essence of plants. They are volatile (evaporative) oils and as such act more like alcohol than vegetable oils. Most often, essential oils are extracted from a plant's leaves or petals, but in some cases they are found in the roots, seeds or stems. These oils have traditionally been used commercially for food flavoring, perfumery and on their own, for aromatherapy. It is important not to confuse essential oils with products labeled "perfume oils" or "fragrance oils" which are effective for perfuming but are generally synthetic.

# Glycerin Soap Base

This Glycerin soap was made using raw ingredients of the highest purity and contains absolutely no animal products. Hypo-allergenic. 100% pure Glycerin soap.

**This is a great money maker and a very easy craft to make.** Go to your local drug, discount, bath, or department store and see what they charge for a 4 oz. bar of Glycerin soap. Compared to what you can make your own soap for, the price differential will be huge.

Great for home use, cottage industry, church bazaar, flea markets, gifts, showers, home decor, girl scouts, boy scouts, church groups, camps, etc...

You can mold your own soap bars, and use them for bathing, face cleansing, hand washing, & even mild enough for baby. This is a high quality, mild soap. Add your own colors & scents. You can add Vitamin E, Aloe Vera, Oatmeal, and many other natural botanicals. Our Fragrance Oils and Essential Oils can be used for your own custom scented soaps.

## Clear Glycerin Soap

**#CBT 2 LB. Block.....\$ 8.00**

**#CBT 24 LB. Block.....\$70.00**

## Opaque White Glycerin Soap

**#CBW 2 LB. Block.....\$ 8.00**

**#CBW 24 LB. Block.....\$70.00**

These easy to follow instructions will help guide you in making your own soap shapes, bars, & loaves etc... Using the microwave instructions please be careful not to over-heat the soap. **For Beginners:** The first time you melt the soap it becomes very runny (like a watery consistency), but don't be fooled, when it cools down it will harden back to the same form as the original blocks.

**Do not use any molds that can not handle the heat.**

### Microwave Melting:

1. Place an appropriate amount of Glycerin soap in a microwave safe container.
2. Place in microwave.
3. Microwave on high until melted. Depending upon wattage of microwave, the time needed will vary. Until time is established for the quantity desired, melt in 30 second intervals. A melted temperature of 160° F is best.

5. No stirring is required to melt.

4. Add Essential or fragrance oils and color dye and pour

### Melting with Gas or Electric Stove:

1. Place an appropriate amount of Glycerin soap in a pan, dish or double boiler.
2. Heat until melted.
3. Heat until 160°F to allow for better pouring into molds.
4. To speed heating process, gentle stirring may be used. Do not whip air into the soap. Do not over-heat soap.

## Beaded Patriotic Heart w/ Bell & Flag Pattern

### Materials Needed:

20 - 8mm Faceted Beads - Crystal  
28—6mm Faceted Beads—Crystal  
18—6mm Faceted Beads—Christmas Red  
30—Tri Beads—Crystal  
40—18mm Star Beads—Crystal  
12—18mm Star Beads—Dark Blue  
10—18mm Star Beads—Opaque White  
10—18mm Star Beads—Christmas Red  
10—#2 Pins—Gold  
51" - 20 Gauge Gold Beading Wire  
1—1" Liberty Bell—Silver  
1—10mm Jump Ring (Silver)  
1—Flag Pin  
*Wire Cutters*  
Ruler

## Directions

**Creating Pins:** To add beads to the safety pins, hold one opened safety pin with the point facing away and up. Add beads as shown in the table at the bottom. Begin putting beads on the pin, starting with the beads listed on the bottom and working your way to the head of the pin. PLEASE NOTE: Beads should appear in the same order as shown below. (Pins will be tight. Closing may need to spring head of pin a little then squeeze pin back to hold close. 10 Pins Total.)

**"A" Pins (#2 Pin)  
Make 10**

1—6mm Faceted  
(Crystal)  
1—18mm Star  
(Dark Blue)  
1—18mm Star  
(Opaque White)  
1—18mm Star  
(Christmas Red)  
1—6mm Faceted  
(Crystal)

**Step 1:** Cut your wire into 1—6", 1—13" and 2—16" pieces.

## Making the Base

**Row 1:** Using a 6" piece of wire, \* thread wire through the bottom loop of 1- "A" Pin, add 1—18mm Star Bead (Crystal). Repeat from \* until 10- "A" Pins and 10—18mm Star Beads (Crystal) have been used. Pull tight. Twist and cut off excess wire. Bend underneath.

**Row 2:** Using a 13" piece of wire, \* thread wire through the head of 1- "A" Pin from the previous row, add 1—8mm Faceted Bead (Crystal), 2—18mm Star Beads (Crystal) and 1—8mm Faceted Bead (Crystal). Repeat from \* until 20—8mm Faceted Beads and 20—18mm Star Beads have been used. Pull tight. Twist and cut off excess wire. Bend to the inside.

## Making the Heart Frame

**Step 2:** Using both 16" pieces of wire together. Beginning with any pin from the inside row of the base, insert one wire on each side of the pin approximately 1". (**Note:** wire should be inserted from the top of the base). Bring the two wires together underneath the base and twist together. Cut off excess wire. Bend underneath. Using both wires from the top of the base, twist wires together a couple of times, then start beading the heart frame.

[illegible]

**Step 4:** Count over 5 pins from where the wire was inserted in step 2. Repeat step 2 on the other side of the heart. Bend at top of heart where the 6—6mm Faceted Beads (Crystal) meet to form a heart shape. The liberty bell will hang in the center. Insert stem of the flag through the bottom loop of one of the pins on the front side of the base.
